# EPS Shadow Line Cornices (SL001 - SL006)

## Product description

Our EPS Shadow Line cornices offer dual-purpose functionality depending on the preferred visual effect: Integrate LED lighting for sophisticated ambiance (horizontal orientation) or utilize them as bulkhead trims to enhance ceiling depth and perceived height (vertical orientation). They are supplied in standard 2400mm lengths. Cornice Adhesive is also available in a 5kg bucket (coverage: 50m = 20 lengths) or a 280ml tube (coverage: 5m = 2 lengths).

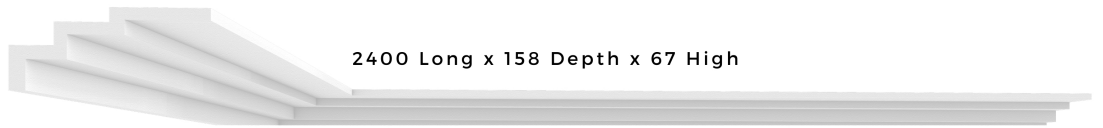

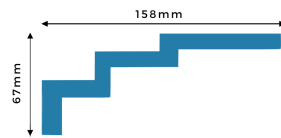

Mitre boxes can also be provided for all our profiles upon request.

### SL001 (13 per box)

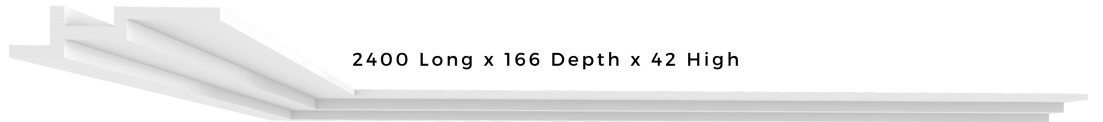

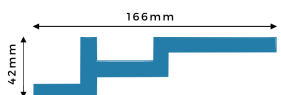

2400 Long x 135 Depth x 29 High

### SL002 (13 per box)

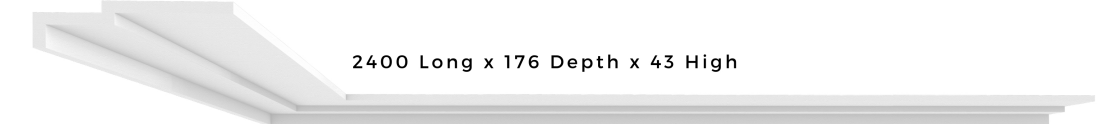

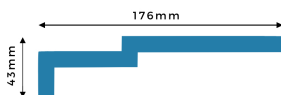

2400 Long x 158 Depth x 67 High

### SL003 (11 per box)

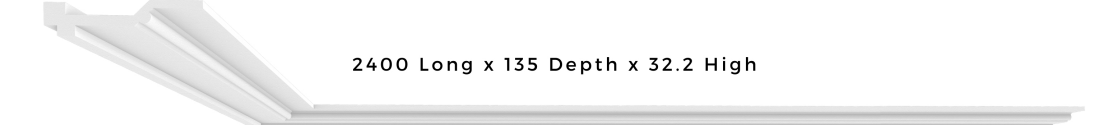

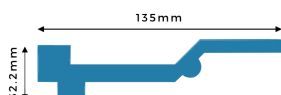

2400 Long x 166 Depth x 42 High

### SL004 (14 per box)

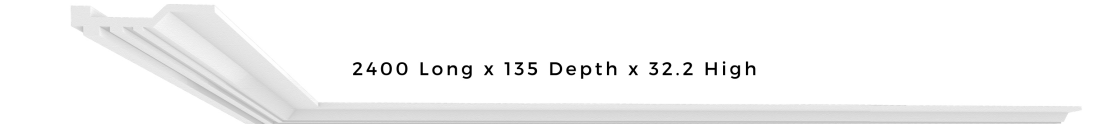

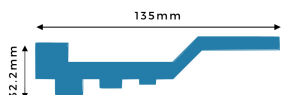

2400 Long x 176 Depth x 43 High

### SL005 (15 per box)

2400 Long x 135 Depth x 32.2 High

### SL006 (14 per box)

2400 Long x 135 Depth x 32.2 High
