

TECHNOPOL SA
ENERGY SAVING MATERIALS

Quality Policy

SOP No:	1.2.1
Revision	1
Effective Date	11.02.2016
Page 1 of 1	

Mission

Technopol SA (Pty) Ltd is committed throughout the company to meet all reasonable customer requirements and increase customer satisfaction through the continual measurement, review and improvement of our products, services, and the effectiveness of our quality management system.

To position Technopol in the market by way of an Innovative Differentiation model founded on the principles of reliability, quality, competitive pricing, service excellence and being socially conscious.

Vision

Our vision is clear and consistent. We strive to be innovative, dominant and the leading market manufacturer of Expanded Polystyrene Products. We strive to deliver superior performance in all aspects of the business and take pride in being socially responsible when conducting our business. Technopol walks hand in hand with local communities and our employees and take great care to consider the sustainability of our actions when producing our products. We strive to make positive changes, instead of just maximizing our profit.

Values

- ∴ What we do is lasting. That's a promise
- ∴ We develop products and services that benefit our customers
- ∴ We work together collectively to achieve our common vision and goals
- ∴ Embrace and Drive Change

L. de Beer
Managing Director
